

BOWL

The Bowl is a 3D sight glass created specifically for the drain port.

The Bowl is designed for condition monitoring while trapping and purging bottom sediment and water. Its funnel feature and drain valve efficiently collect and remove contaminants, while a built-in magnet captures ferrous wear debris. A protective shield prevents debris buildup on the valve and shields it from accidental impacts. Made from ultra-durable, crystal-clear Tritan™ material, the Bowl offers nearly 360° oil visibility. It features a built-in hex for easy installation with tools and two eyelets for tagging oil information. All functions are integrated into a single molded piece to prevent leaks.

Application	Drain ports
Shipping Weight	12 oz
Operating Conditions	Recommended Temperature: -40°F to 200°F (-40°C to 93°C) Recommended Pressure: 65 psi/4.5 bar
Compatibility	Outdoor Compatibility: UV stabilizers protect against long-term sun exposure Chemical Compatibility: Resistant to mineral and synthetic oils that are compatible with fluorocarbon elastomers (Viton™) and PMMA (acrylic) plastic
Components and Materials	Bowl Sight Glass: Tritan™ Drain Valve: Brass, spiral open and turn to lock Magnet: Rare earth neodymium magnet Thread Reducer: Zinc-plated steel and stainless steel Gasket: Viton™
What's Included	Bowl, drain valve with magnet, thread reducer (Note: 1-1/2" model does not require a thread reducer.)
Available Options	Threads: 3/8, 1/2, 3/4, 1, 1- 1/2" NPT (Note: 1-1/2" model does not require a thread reducer.)

LUNETA
SMART PRODUCTS • RELIABLE MACHINES

1-1/2" Threads Only
Molded-in 1-1/2" threads, does not include a thread reducer

THREADS	PART NUMBER
3/8" NPT	BOWL.038.MAG
1/2" NPT	BOWL.050.MAG
3/4" NPT	BOWL.075.MAG
1" NPT	BOWL.100.MAG
1-1/2" NPT	BOWL.150.MAG

All Other Threads
Include a thread reducer to reduce the molded-in 1-1/2" threads
